EDITORIAL

Leadership by Example

The Kenneth Kaunda wing of the Mulungushi International Conference Centre in Lusaka provided the setting not only for the election of Hamad KALKABA MALBOUM as President of the Confederation of African Athletics, but also the celebration of the « *Singular Destiny* » of the hero of the day. It took the metaphor of what culinary experts refer to as the « *icing on the cake* », and the conductor of the event, World Athletics President Seb COE mounted the rostrum to acknowledge the Chief celebrant, Hamad KALKABA MALBOUM. The form and content of the ceremony was an expression of the uniqueness of the philosophy that defines the hero and the contours and flamboyance of the enigma. At the centre of it all was a book that is hitting the ground running, not only because of the academic accolades of its author and the philosophical depth of its narration but the intellectual courage to decipher a man of the Status of Hamad KALKABA MALBOUM, in his multidimensional nature.

Professor Emmanuel PONDJI, is the author of the book « *Hamad KALKABA MALBOUM : Une destinée singulière* ». Graduate of the best academic citadels in the Anglo-Saxon world Pennsylvania University, London School of Economics

and Cambridge University, is author of a minimum of twenty three books and eighty five Scientific articles. The book on Hamad KALKABA that is just emerging from the Printing Press added tonus to the celebration of the frontline arrow in the bow of Cameroon Sports diplomacy on the World Stage. As far afield as Lusaka where the global Sports movement was in a conclave to crown our own Hamad KALKABA MALBOUM, Professor Pondji's book found relevance and significance adding refreshing colours to the celebration not only of the subject of his intellectual forays but of our Cameroon, its human resources, and the sterling performances of its Sports diplomacy. Lord Seb COE, the Presiding officer of this cocktail of honour and the President of World Athletics expressed in a few words the gratitude of the global Olympic movement to the leadership by example of Cameroon's Hamad KALKABA MALBOUM. The hero of the day transferred the thunderous accolades to his nation, Cameroon and its Head of State. « *All my success, all my electoral victories on the global Stage have been achieved thanks to the total Support and encouragement of his Excellency Paul BIYA, President of the Republic of Cameroon* ».

30th CAA CONGRESS

Hamad Kalkaba Malboun re-elected

The only candidate for his succession, Hamad Kalkaba Malboun was re-elected as President of the Confederation of African Athletics (CAA), for a new four-year term (2023-2027), on April 26, 2023 in Lusaka (Zambia). It was unanimously by the delegates of the 30th CAA congress, by acclamation, that the Cameroonian will begin this new mandate. 52 countries out of the 54 comprising the CAA were present at this meeting; only Sudan and Mauritania were missing. After receiving congratulations from World Athletics' President Sebastien Coe, President Kalkaba thanked his African peers for the renewed confidence. « *My strength will come from your support. To maintain*

Africa's place on the world stage, we need a strong team. I believe in our future, in our youth to continue to promote our sport which should be number one at the next Olympic Games. » For the boss of athletics in Africa, this new mandate is not without challenges. Hamad Kalkaba Malboun means thus to improve good governance practices within the CAA, but also the search for financial resources, the integration of e-learning in training modules, etc.

President Kalkaba took after Lamine Diack in 2003 and was re-elected several times.

Faith Kipyegon and Lamecha Girma made history

Kenya's Faith Kipyegon (1500m and 5000m) and Ethiopia's Lamecha Girma (3000m steeplechase) made athletics' history by setting new world records in these events.

Kenya's Faith Kipyegon broke the 5,000m world record on Friday June 9, 2023 in Paris, just a week after having already broken the 1,500m record in Florence. In 14'05"20, Kipyegon (29) improved the time of Ethiopia's Letesenbet Gidey (14'06"62 in 2020), ranking second in the race on Friday evening (14'07"94).

Training partner of the marathon king, Eliud Kipchoge, Kipyegon succeeded to break two records in two different events in one week, after clocking 3:49.11 last Friday in Florence over 1500m.

Indeed, aiming to break the 1,500m world record, held since July 2015 by Genzebe Didaba (3'50»07), the Kenyan,

double Olympic champion and double world champion, had performed a perfect race, far ahead of the British Laura Muir (3'57»09) and Australian Jessica Hull (3'57»29).

A few tens of minutes after the Kenya's Faith Kipyegon, who broke the world record in the 5,000m, Ethiopia's Lamecha Girma achieved a remarkable performance. In 7'52"11, he broke the world record of 3000 m steeplechase, which dated from 2004 and was held by Qatari Saif Saaed Shaheen.

Already holder of the world record of 3,000m indoor since his mythical race this winter in Liévin against Mohamed Katir, Lamecha Girma did it again in Paris but with barriers. Olympic and world vice-champion of 3,000m steeplechase, the Ethiopian added another world record to a crazy evening in Charléty.

DIAMOND LEAGUE :

El Bakkali, Tsegay and Mahuchikh shine in Rabat

World and Olympic champion Soufiane El Bakkali flew over the Mohammed VI International Meeting of Rabat by winning the 3000m steeplechase with a time of 7'56"68 during the Wanda Diamond League meeting on Sunday (May 28, 2023). He signed the best world performance of the season and a new meeting record, falling three seconds short of Saif Saaed Shaheen's world record (7'53"63 in 2004). The Moroccan becomes the eighth performer in history over the distance. He beat the Ethiopians Lamecha Girma (7'59"24) and Hailemariam Tegegn (8'06"29).

Feats were also achieved by Ethiopia's Gudaf Tsegay, 3:54.03 in the 1500m and Ukraine's Yaroslava Mahuchikh, 2.01m in high jump.

Elaine Thompson-Herah, triple gold medalist at the Tokyo Olympics in 2021, created a sensation by breaking the meeting record in 100m. She won in 10"83 ahead of Ivorian Marie-Josée Ta Lou

(11"04) and the other Jamaican Natasha Morrison (11"22). Kenya's Emmanuel Wanyonyi dominated a tight 800m by winning in 1'45"47 ahead of Botswana's Nijel Amos (1'45"66) and French Gabriel Tual (1'45"71).

Highly anticipated for his first race of the season, the Norwegian Karsten Warholm, Olympic champion and world record holder in the 400m hurdles, injured his thigh and could not finish the event. Khallifah Rosser finally won with a time of 48.25, thus setting the meeting record. He beat Estonian Rasmus Magi (48"73) and French Wilfried Happio (49"27).

Jim Hines, first man to break 10 seconds for 100 m died

Jim Hines, the first man to break the barrier of 10 second in 100m, died on Saturday at 76.

The American became a sports legend in 1968 by being the first man to run under 10 seconds. He had won two gold medals at the Mexico Olympics that year (100m and 4x100m). His record stood for over 14 years, until Calvin Smith's 9.93 in 1983.
